

Astronomical Society of S. Africa

Lake Centre
17th Session 1930-1931

The Seventh Ordinary Meeting of the Session was held at Benson House 57a Long Street on Wednesday Evening May 13 1931. at 8.15 pm

Mr H Horrocks in the Chair there was a good attendance of members and several visitors.

Minutes of the meeting of April 8 1931 were read and confirmed

The following were elected to membership

Mr C. P. Walgate F.R.C.A., F.R.I.B.A., N.S.A.

S. Gaul Polgieter. LL.D., M.P.

Prof. Morrison of Stellenbosch University gave an address on

"The Circulation of the Atmosphere and How it is kept up"
Prof Morrison said that though the subject was not exactly an astronomical one he had chosen it because a knowledge of the movements of the earth's atmosphere would give a better understanding of the atmospheres of the planets which were effected in much the same way

The lecture which was of considerable interest evoked some discussion. After replying to questions a hearty vote of thanks was adopted. and the meeting terminated
