Minutes of Meeting (First Meeting of Session)

Astronomical Society of South Africa
Cape Centre
18th Session

Minutes of first meeting of Session

Held at Benson House Long Street

Tuesday August 19. 1931 at 8.15 pm

Mr H. Horrocks in the Chair - There was a fair attendance of members.

Minutes of ordinary meeting held June 10 1931 were read and confirmed

The Chairman extended a welcome to Rev A. Graham - a member who had been absent from Cape Town for a number of years.

The following were unanimously elected to membership

Mr. Charles E Peers Chestnut Avenue Road Rosebank

Harold K. Greenwood. Yorkshire Bldg. Cape Town

Col J. G. Rose J.P.O. V.D. Beau Soleil Wynberg

Capt Cameron Swan exhibited a number of slides through the lantern. These had been specially made to illustrate his Presidential address.

delivered at the Annual general meeting of the Society, but owing to the collapse of the lantern were not shown then.

Mr D. G. McIntyre F.R.S. gave an address on the Cold Bokveldt and Victoria West Meteorites

He detailed the records of the fall of the first named and exhibited diagrams and a map to indicate the path of the meteor. He concluded his remarks by a description of the effects of a meteorite which fell in Russia on June 10 1928. Lantern slides to illustrate this being shown

A vote of thanks to Mr McIntyre was carried with acclamation

H Horrocks
