

Minutes of Committee Meeting, held at the Royal Observatory on Wednesday, 9th September, 1959.

Present :- Mr. W. C. Battley in the Chair, Messrs Krum, Loon, Meadows, Rodger, Russo, Simehoff, Smitz & the Hon. Secretary.

The Minutes of the Previous Meeting were read and confirmed.

Mr. Smitz moved a vote of thanks to Mr. Krum for his having acquired the Centre on excellent projection screen.

The Programme for the remainder of 1960 then came under discussion.

Dr. Stoy would be approached with regard to addressing the October Meeting, while it was tentatively hoped that Dr. Wenselink would be able to address the November meeting. The programme for 1960 would be discussed at a subsequent Committee meeting.

Mr. Meadows said that the short Meeting of the Committee after the A.G.M. ^{on the 12th August} should have been noted in some way, as the decision that Mr. P. Smitz be made an additional Committee Member had to be noted. A rota of members who were to assist at visitors' Evenings was drawn up, whereupon the meeting adjourned. W. C. Battley
