

Chairman : Mr. H. E. Krumm
 Vice-Chairman : Mr. W. C. Bulley.
 Hon. Secretary : Mr. N. Saville
 Hon. Treasurer : Mr. I. Rodger
 Centre Rep. on Council : Mr. R. Johnstone.
 Committee : Messrs J. C. Loon
 P. L. Meadows
 T. W. Russo
 J. Simerhoff
 P. Suits.

(1) Minutes of Committee Meeting held at the
 Royal Observatory on Wednesday 10th
 August 1960 after the Annual General Meeting.

Present: Mr. H. E. Krumm in the Chair, Messrs Bulley,
 Johnstone, Loon, Meadows, Rodger, Simerhoff, Suits,
 and the Honorary Secretary.

The minutes of the previous Committee meeting
 were read and confirmed.

In drawing up a programme for the remainder
 of the year, it was provisionally arranged
 that Mr. Suits would deliver an illustrated talk
 on the 14th September. As Dr. Evans would
 probably have returned ^{from Europe} by October 12th, it was decided
 to leave that ^{meeting} date open with a view to asking
 him to address the Centre.

A new rota for members to assist at
 visitors' Evenings was drawn up.

Mr. Loon announced that the Amateur Telescope
 Makers Group should be ready to commence
 practical work within the next fortnight.

Mr. Krumm, in a reply to a question by Mr.
 Rodger, said that he was preparing ~~for~~ a
 new series of scientific films for ^{public} projection and
 it was hoped that astronomical films would also
 be available.

There being no further business, the meeting then
 adjourned.
 H. E. Krumm 9.11.60.
