

Minutes of the Committee Meeting held at the Royal Observatory on Wednesday 8 May 1963, after the Cape Centre Ordinary Meeting.

The Chairman, Mr. J. Simerhoff, presided.
All Members of the Committee were present.

The Secretary read the minutes of the previous Committee Meeting, which were confirmed.

The Secretary announced that as Dr. A.O. Faller of the University of Cape Town had agreed to address the June Meeting, the programme for the remainder of the session had been completed.

The issue of tea being served at meetings was raised by Mr. Bondieth but in view of the fact that alterations were still being effected in the Main Building of the Observatory, the issue was held over for a more opportune time.

A new rota of assistants for visitors nights was drawn up.

The Secretary stated that he would be away on holiday during June and asked if some other Committee Member would ~~read~~ carry out his functions at the June meeting. Mr. Bondieth agreed to do this.

There being no further business the meeting then adjourned.

Simerhoff
