

Minutes of the Committee Meeting held at  
the Royal Observatory on Wednesday,  
14~~th~~ ~~th~~ August, 1963, After the Annual General  
Meeting.

---

The Chairman, Mr. G. R. Atkin, presided.

The Minutes of the previous Committee Meeting were  
read by the Secretary, and confirmed.

The Secretary said that he would write to  
those members newly-elected to the Committee, who were  
absent, to inform them of their election.

A programme of speakers for the remainder of  
the session was then discussed.

It was suggested that Dr. M. E. Dixon of the Physics  
Dept. of the University of Cape Town be asked to  
speak on experiments regarding the speed of light  
or some similar lecture. Mr. R. D. Cherry & Mr. Tidy  
were also cited as possible speakers. <sup>The Chairman would speak to</sup>  
<sub>Dr. Story with regard to app. them.</sub>

Mr. Suits<sup>had</sup> said that should there be no lecturer  
available, he would be willing to speak on a general  
topic but would not be able to do so in the  
immediate future. Mr. Krum said that a good  
film on gravitation was available should a film show  
be arranged. Dr. Cairns suggested that Mr. Wellgate  
might address the Centre should there be no easy solution.

A new rota for visitors nights was drawn up.

~~There being no further~~

Mr. W. C. Bentley was formally appointed Centre representative  
on Council for the 1963/64 Session. There being no  
further business, the meeting then adjourned.
