

Asth How proposed that the Telescope working
Section be requested to make a clastic section to
send their samples ~~send to the Dept~~ ^{of the Dept} for construction
of the telescope. This was agreed to at the meeting.

Mr. Poniah who was waiting outside was then called into the waiting room.

Mr. Parvish told the Committee that David
of the U.C.T. would deliver a series of
lectures in August Sept & October on Astronomical
Physics. through the Department of Extension
Manual Studies & suggested that he be
given authority to approach the University
Authorities and try to arrange admittance
to the lectures at reduced fees for
members. This was agreed to & it
was arranged that he would report
back to the committee through the Chairman.
Mr. Bucklett thanked Mr. Parvish for
the excellent work he was doing in
arranging lectures.

to Prussia. I would like to know that
Dr. K. R. Haynes of the Dept. of Physics
would address the meeting in June.

The birdies for Jan were in perfect
of house Bently & Sells.

The weekly then closed.
