

Minutes of the Ordinary General Meeting of the Centre held at the Royal Observatory at 8.00 pm. on Wednesday, June 11th, 1969, at.

The Chairman Mr. Pagenwinj presided and there was a good attendance. Mr. Farnell was welcomed.

There being no formal business, the Chairman called on Mr. Hardy, who delivered an extremely interesting and instructive address on Dr. Isaac Newton Telescope, which was well illustrated with Slides.

Dr. Wild suitably thanked Mr. Hardy.

There being no further business the meeting closed at 10.00 pm.
