

Minutes of the Ordinary General meeting of the Pope Centre held at the Observatory at 8.00 p.m. on Wednesday, 11th October, 1972

Apologies were received from Mr Sumwood and Mr Harley.

In the absence of Mr Sumwood, the Chairman, and Mr Harley, the vice-chairman, Mr S. Lanneth took the chair. There was a good attendance of members and visitors.

The secretary read the minutes of the previous general meeting, which were confirmed by the meeting.

As there was no further business the chairman introduced Professor Ahrens of the Department of Geochemistry at the University of Papua New Guinea who gave a very interesting and instructive lecture on 'The Chemistry of the Moon'.

Mr Task notably thanked Prof. Ahrens.

There being no further business the meeting closed at 9.15 p.m.
