

Minutes of the Ordinary Meeting of the Cape Centre held
on 13th June 1979 at the United States International
Communications Agency, Scott's Building, Cape Town.

The meeting started at 20ⁿ 10^m. The chairman welcomed all present and thanked ~~the~~ Mr. Hendricks of the U.S. International Communications Agency for making available the agency's cinema, projector and films for our meeting which was to commemorate the 10th anniversary of the moon-landing.

In the absence of the secretary who was in Sutherland the chairman read the minutes. These were accepted and signed. Members were reminded of the ceremony to take place at McClear's Beacon on Table Mountain on Saturday the 14th of July.

Mr. Hurly gave a short introduction to each film shown. They were:

The Age of Man in Space
Last Appollo Mission - Appollo 17
Venus, Mercury and Comet Kouchoutela
A film on the Universe

Mr. Roberts thanked Mr Hendricks and Mr. Hurly for the fine programme which reminded us of possibly Man's greatest scientific achievement thus far.

Members were urged by the chairman to submit nominations for the next committee. The meeting closed at 21ⁿ 55^m.
