

Minutes of the Ordinary Meeting of the Cape Centre held at SAAD on Wednesday, 13th July 1983 (MCM LXXXIII)

After the meeting had been opened by the chairman, Mr Mike Kramer, apologies for absence were received from Mr Duveen & Mrs Kramer. There were 13 members and 3 Visitors present at the meeting. It was announced that a committee meeting would be held on Wednesday, 20th July and that the A.G.M. of the Cape Centre would be held on the 10th of August. Because of political difficulties, the A.G.M. of the A.S.S.A. would not be held in Harare, but in Cape Town on Wednesday 27th of July.

Before the main lecture, Dr Mack showed slides of comet kopff, and the milky way. The Speaker for the evening was Mr. J. Spencer-Jones, who gave a slide show which consisted of slides of various telescopes, sunspots, solar & lunar eclipses, the planets and Asteroids, Meteor trails and meteorites, Aurorae, famous constellations, star clusters and galaxies, emission and reflection nebulae and other celestial objects. After his talk, he answered all questions and when he had been thanked by the chairman, the meeting adjourned for tea and biscuits.

20th July 1983
