Dear Mr Spencer Jones.

Thank you for the proposed
draft Report of Committee with which I am in
entire agreement.

I am very pleased you have
disposed of Dr Innes' "obvious reasons". My
opinion is that if Mr Astronomer is not
on the Committee the whole business is a
farce.

The only point I would draw attention
to is that, if it is possible to have the American
Astronomer on the Committee, and I hope it is, ~~then~~
there is no provision made for nominating him.
It might be arranged that the Royal Society and
the Astronomical Society should each nominate
one of the American directors.

Sincerely yours

A. W. Long.
