

21st November 1954

Dear Mr. Houghton,

The last section of the draft report of the Committee appointed to consider the formation of a National Committee in Astronomy should be replaced by the attached to form the final report, which will be considered at the meeting of Council on Monday evening next.

I think this revision covers most of the suggestions which I received after circulating the draft report.

Yours sincerely,

*B. Spencer Jones*

M. E. Houghton, Esq.,

High Commissioner's Office,

47 Parliament Street,
